MEETING POINTS:	
NAMES OF TEAM MEMBERS:	
TEAM NAME:	

- Find different objects for each challenge
- Look up, down and up close and see what you find
- Work together as a team and talk about your choices
- Write down or draw the different things that you find

Top tips for exploring...

Follow your curiosity and the things that interest you to explore the amazing objects in our galleries. Use your observation and questioning skills to get thinking and talking about how science and technology shape our lives. See how many challenges you can complete in 30 minutes.

SCIENCE MUSEUM

GREAT OBJECT HUNT: ENERGY

EXPLORING 	Topic	ENERGY	 30 MIN
	Skills used	MAKING OBSERVATIONS • COMMUNICATION	

FOLD 2

Find something...

you think would burn for
a long time

that can make a sound

powered by oil, coal or gas

that gives off heat

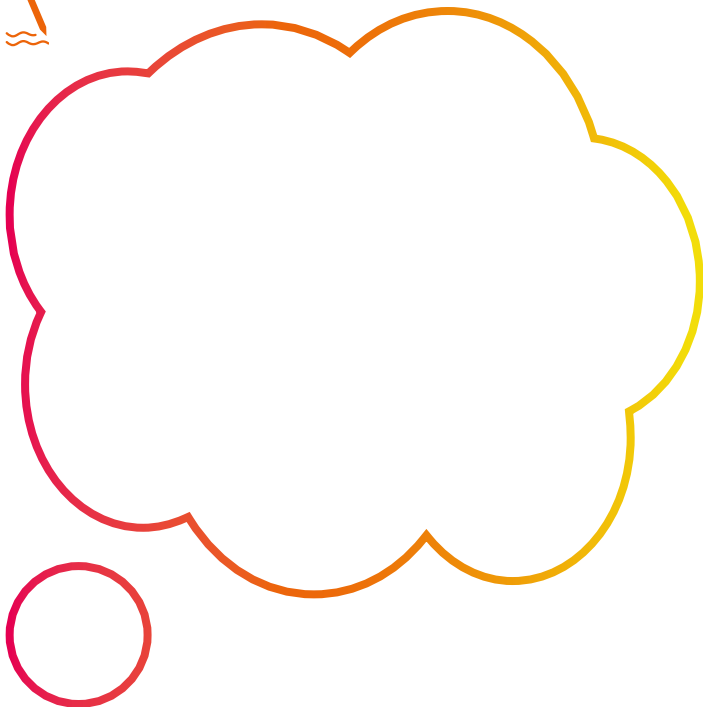

that makes your life easier

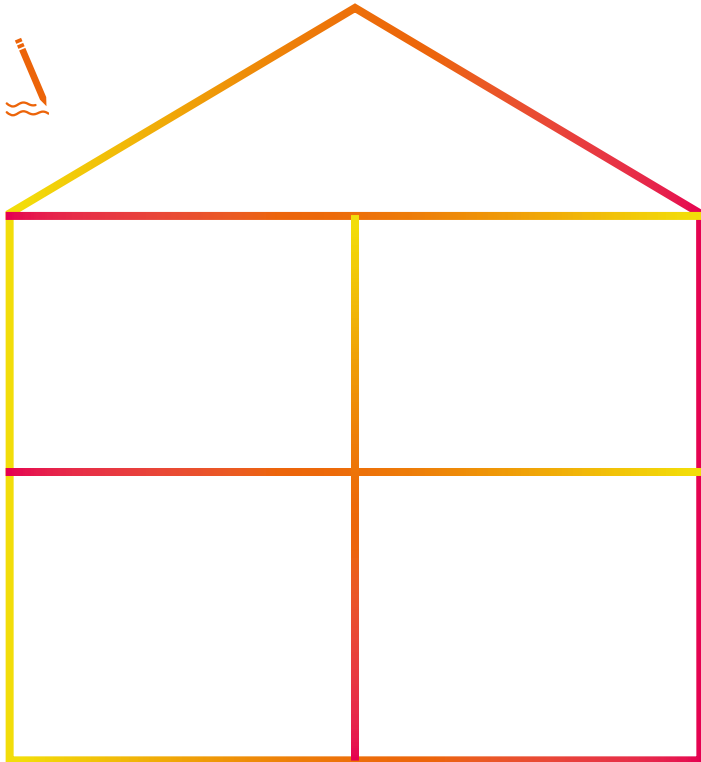

FOLD 1

Can you come up with your own energy challenge?

Find five things you would like in your home which use energy

Find something...

with a lever

that would be expensive to run

powered by renewable energy

that uses electricity to make it work

that could help get you home

Find something...

that was powered by steam pressure

that could cool you down

you think would save energy

that relies on your physical energy to work

you could use to cook a meal

Have a look around you. Could you change anything in the museum to help save energy?
