NAMES OF TEAM MEMBERS:		
TEAM NAME:		

- Find different objects for each challenge
- Look up, down and up close and see what you find
- Work together as a team and talk about your choices
- Write down or draw the different things that you find

Top tips for exploring...

Follow your curiosity and the things that interest you to explore the amazing objects in our galleries. Use your observation and questioning skills to get thinking and talking about how science and technology shape our lives. See how many challenges you can complete in 30 minutes.

SCIENCE MUSEUM

GREAT OBJECT HUNT: EXPLORER

EXPLORING 	Topic SCIENCE AND TECHNOLOGY	 30 MIN
	Skills used MAKING OBSERVATIONS • COMMUNICATION	

Find something...

that would entertain you

that makes your life easier

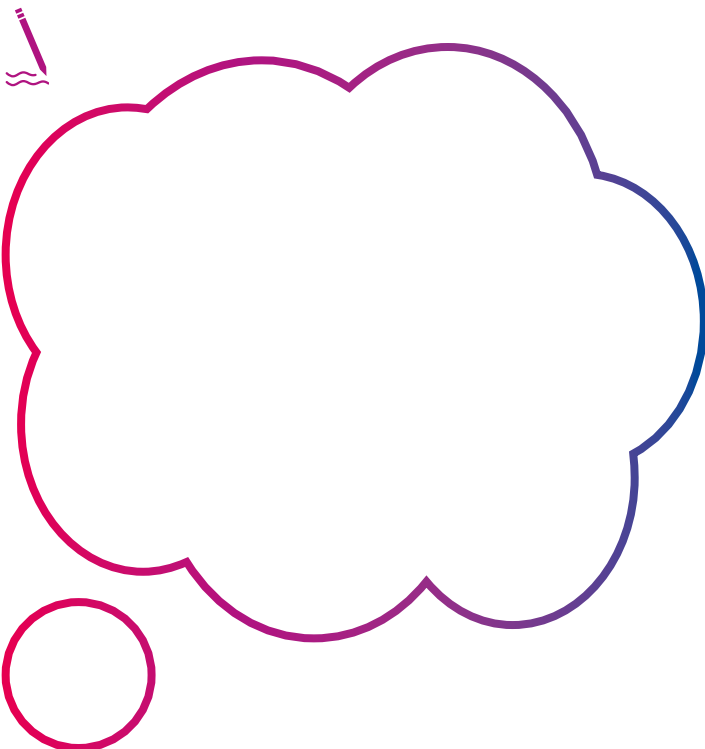

that reminds you of your home

that is bigger than you

that could help save someone's life

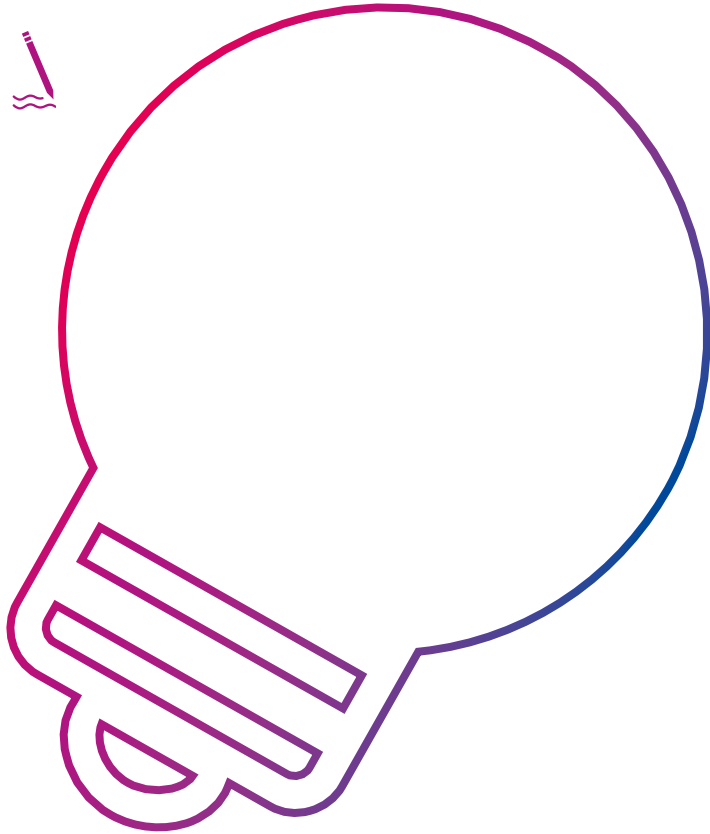

FOLD 1

Can you come up with your own challenge?

FOLD 2

Find something you wish you had invented

Find something...

used to take measurements (e.g time or speed)

that has been into space

made from plastic

that begins with your initials

that can send a message between two places

Find something...

with numbers on it

that could keep you dry in the rain

that looks really old

you could use to travel across water

that makes you happy

Think of something you own that you would put in the museum. Why did you choose it?
