Question 1:

Which two processes remove carbon from the ATMOSPHERE?

Fold here

Answer:

Photosynthesis, absorption

Question 2:

How do we humans get our carbon?

Fold here

Answer:

Eating

Question 3:

How do we release our carbon?

Fold here

Answer:

Respiration and decomposition

Question 4:

What two processes link OCEAN and ATMOSPHERE?

Fold here

Answer:

Absorption and release

Question 5:

What process releases carbon from FOSSIL FUELS?

Fold here

Answer:

Combustion

Question 6:

What process releases carbon from DEAD ORGANISMS into the ATMOSPHERE?

Fold here

Answer:

Decomposition

Question 7:

Which four processes release carbon into the ATMOSPHERE?

Fold here

Answer:

Combustion, decomposition, respiration, release

Move that carbon!

Quizmaster's scorecard

Place a tick in the box below when the team has answered the question.

1.		5.	
2.		6.	
3.		7.	
4.		Total
