

that you might find at home

an older person might like

that uses electricity

that sends a message between two places

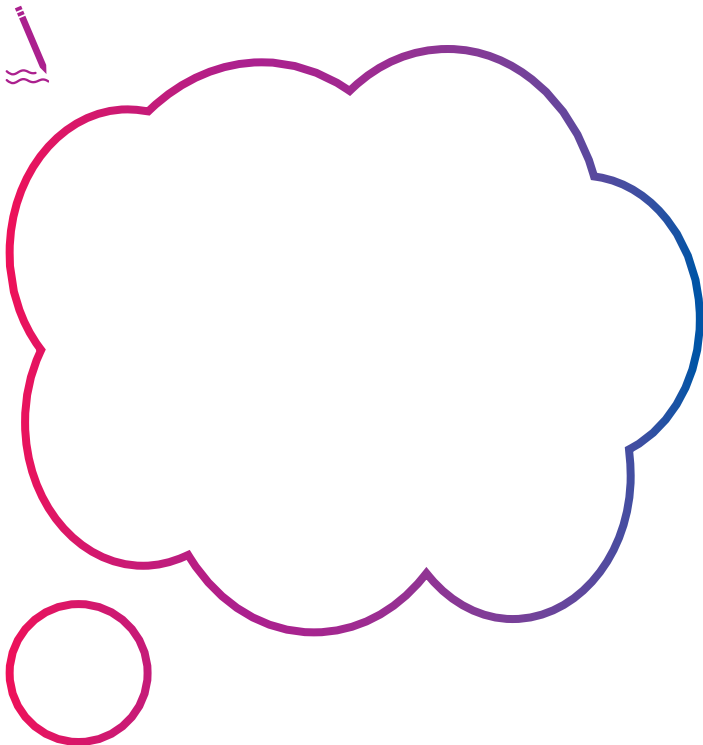

that looks really old

Find something...

FOLD 1

Can you come up with your own light and sound challenge?

FOLD 2

MEETING POINTS:	FINISHING TIME:
NAMES OF TEAM MEMBERS:	
TEAM NAME:	

- Find different objects for each challenge
- Look up, down and up close and see what you find
- Work as a team and talk about your choices
- Write down or draw the different things that you find

### Top tips for exploring...

Follow your curiosity and the things that interest you to explore the amazing objects in our galleries which are linked to the science of light and sound. Use your observation and questioning skills to get thinking and talking about how science shapes our lives. See how many challenges you can complete in 30 minutes.
